Africa Energy Corp. (“Africa Energy”, or the “Company”) will hold its Annual General and Special Meeting of shareholders (the “Meeting”) on **Thursday, June 11, 2020 at 9:00 am (Pacific Time), at Suite 2000, 885 West Georgia Street, Vancouver, BC, V6C 3E8**. This Management Information Circular (“Circular”) provides the Company’s shareholders with important information about the Meeting, the business of the Meeting and how shareholders can participate and vote.

About Africa Energy

Africa Energy is a Canadian oil and gas company with exploration assets offshore South Africa and Namibia. The Company is focused on high-impact exploration in African countries with attractive commercial terms. Africa Energy is part of the Lundin Group of Companies.

Financial Information

Africa Energy’s functional and reporting currency is the United States dollar. Unless otherwise indicated, all currency amounts referred to in this Circular are stated in United States dollars.

Voting Procedures if Your Shares Trade on TSX Venture Exchange

The Company’s Management team is soliciting your proxy for the Meeting at the Company’s expense. While it is expected that the solicitation will be made primarily by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Company. Shareholders who held shares in the Company on **May 7, 2020** (“Record Date”) are entitled to attend the Meeting and vote their shares in person or vote their shares by proxy.

The individuals named in the accompanying form of proxy are directors or officers of the Company who will vote your shares for you, unless you exercise your entitlement to appoint someone else to be your proxyholder by striking out the names of the Management Proxyholders and by inserting the desired person’s or company’s name in the blank space provided in the proxy, or by executing a proxy in a form similar to the enclosed form and delivering the completed form of proxy to Computershare prior to the Meeting or any adjournment. A proxyholder need not be a shareholder. However, if you appoint another person or company, they must be present at the Meeting to vote your shares on your behalf.

If you return your proxy form and do not indicate how you want to vote your shares, your vote will be cast in favour of:

1. Appointing PricewaterhouseCoopers LLP as auditors of the Company to hold office until the next annual general meeting and authorizing the directors of the Company to fix their remuneration;
2. Approving the Company’s incentive stock option plan, as more particularly described in the accompanying Circular; and
3. Electing as a director each person nominated by Africa Energy.

Voting as a Registered Shareholder

The Company's registered shareholders have shares that are registered in their name and they have a share certificate. Registered shareholders can choose to vote their common shares in the following manner:

You are welcome to attend the Meeting, identify yourself to the representative from Computershare before entering the Meeting and register your attendance at the Meeting in order to vote.

In Person

Although we hope to see you at the Meeting, the situation regarding the wide-spread COVID-19 virus is continuing to evolve. The Company is monitoring the situation and will take actions necessary to put the health and safety of our personnel and shareholders first. In the event that we make a decision that influences your attendance at the Meeting, we will inform shareholders via a news release in advance of the Meeting.

By Mail

If you vote your common shares by proxy by mail, completed forms of proxies must be delivered to the Company's transfer agent, Computershare Investor Services Inc. ("Computershare"), at Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, in the envelope provided for that purpose.

By Telephone

For telephone voting, call 1-866-732-VOTE (8683) (toll free in Canada and the United States) from a touch-tone telephone and follow the voting instructions. International holders wishing to vote by telephone can dial 1-312-588-4290 to place their vote. If you vote by telephone, you cannot appoint anyone other than the appointees named on the proxy form as your proxyholder. You will need your 15-digit control number that is noted on your proxy form.

On the Internet

For internet voting, go to www.investorvote.com and follow the instructions on the screen. You will need your 15-digit control number that is noted on your proxy form.

Duly completed forms of proxy or a vote using the telephone or over the Internet must be completed no later than 9:00 a.m. (Pacific time) on June 9, 2020, unless the chair of the Meeting elects to exercise their discretion to accept proxies subsequently received.

Voting as a Beneficial Shareholder

If you are a beneficial shareholder and receive these materials through your broker or through another intermediary, please complete and return the form of proxy in accordance with the instructions provided by your broker or other intermediary using the voting instruction form ("VIF").

If you have any questions concerning how to complete the voting instruction form or regarding the voting of your common shares, please contact Computershare at:

Mail: **Computershare Investor Services**

Toronto, ON M5J 2Y1

Telephone: **1-800-564-6253**

Voting as a Non-Registered Shareholder

Shareholders who hold their securities through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their securities in their own name (referred to in this Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of voting securities will be recognized and acted upon at the Meeting. If voting securities are listed in an account statement provided to a Beneficial Shareholder by a broker, those voting securities will, in all likelihood, not be registered in the shareholder's name. Such voting securities more likely will be registered under the name of the shareholder's broker or an agent of that broker. **Each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their voting securities are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company and is commonly referred to as a “**voting instruction form**” or “**VIF**”. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions, Canada (“Broadridge”). Broadridge typically prepares a machine-readable voting instruction form, mails such forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote their securities directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of securities must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the securities voted. If you have any questions respecting the voting of securities held through a broker or other intermediary, please contact that broker or other intermediary promptly for assistance.** Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting securities registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the securities in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their securities as proxyholder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

How to Change Your Vote/Revocation of Proxies

A registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the registered shareholder or by their attorney authorized in writing or, if the registered shareholder is a company, under its corporate seal or by a duly authorized officer or attorney. The instrument revoking the proxy must be deposited at the registered office of the Company, at Suite 2500 Park Place, 666 Burrard Street, Vancouver, B.C., V6C 2X8 (Attention: Africa Energy Corp.) at any time up to and including the last business day preceding the date of the Meeting, or any adjournment, or with the Corporate Secretary of the Company or the chairman of the Meeting prior to the time of voting at the Meeting. Only registered shareholders have the right to revoke a proxy. **Beneficial Shareholders who wish to change their vote must arrange for their respective intermediaries to revoke the proxy on their behalf.**

Voting Procedures if Your Shares Trade on the Nasdaq Stockholm Exchange

The information set forth in this section is of significance to shareholders who hold their securities (“Euroclear Registered Securities”) through Euroclear Sweden AB, which securities trade on Nasdaq First North Stockholm.

Shareholders who hold Euroclear Registered Securities are not registered holders of voting securities for the purposes of voting at the Meeting. Instead, Euroclear Registered Securities are registered under CDS & Co., the registration name of the Canadian Depositary for Securities.

Holders of Euroclear Registered Securities will receive a VIF by mail directly from Computershare AB (“Computershare Sweden”). Additional copies of the VIF, together with the Company’s Management Information Circular, can also be obtained from Computershare Sweden and are available on the Company’s website (www.africaenergycorp.com). The VIF cannot be used to vote securities directly at the Meeting. Instead, the VIF must be completed and returned to Computershare Sweden, strictly in accordance with the instructions and deadlines that will be described in the instructions provided with the VIF.

If you have any questions concerning how to complete the VIF or regarding the voting of Euroclear Registered Securities, please contact Computershare Sweden at:

No vote by shareholders is required to be taken with respect to the Financial Statements, MD&A and Auditor's Report.

2. Appoint Auditors and Authorize Directors to Fix Remuneration

The Company's board of directors ("Board" or "Board of Directors") recommends the re-appointment of PricewaterhouseCoopers LLP Chartered Accountants ("PwC") as auditors of the Company to hold office until the termination of the next annual meeting of shareholders. PwC have been the Company's auditors since September 20, 2011. It is also proposed that the remuneration to be paid to PwC be as determined by the Board.

3. Approve the Company's 10% Rolling Stock Option Plan

The Company's 10% Rolling Incentive Stock Option Plan ("Stock Option Plan") provides participants with an incentive to enhance shareholder value by providing a form of compensation that is tied to increases in the market value of the Company's shares. As of May 7, 2020, there were 58,818,333 options outstanding under the Stock Option Plan, which represents 7.45% of the shares outstanding as at such date; and 20,120,160 options available for grant under the Stock Option Plan, which represents 2.55% of shares outstanding as at such date.

Further details on the Stock Option Plan can be found under the section "Equity Compensation Plan" of this Circular.

The TSX Venture Exchange's policies require that 10% rolling stock option plans be approved by shareholders on an annual basis. At the Meeting, the shareholders will be asked to approve the following by ordinary resolution (the "Stock Option Plan Resolution"):

BE IT RESOLVED that:

1. *The Stock Option Plan, as set forth in Appendix B, is hereby approved;*
2. *The Company is authorized to grant stock options pursuant to and subject to the terms of the Stock Option Plan entitling all of the option holders in the aggregate to acquire up to 10% of the issued common shares of the Company at the date of grant, including any previously granted and outstanding options, at the minimum exercise price permitted by and in accordance with the Stock Option Plan and the rules and policies of the TSX Venture Exchange, such options to be issued to eligible optionees in accordance with the rules and policies of the TSX Venture Exchange; and*

Unless otherwise instructed, the named proxyholders will vote FOR the approval of the Stock Option Plan Resolution.

4. Elect Five (5) Directors

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Africa Energy believes that effective corporate governance is important in order to enhance the performance of the Company's Board and management, align its strategies with its goals, and remain accountable to its shareholders. The following describes the Company's current corporate governance practices in place to improve the Company's overall performance.

Corporate Governance Guidelines

National Policy 58-201 *Corporate Governance Guidelines* ("NP 58-201") sets out guidelines for effective corporate governance. These guidelines deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance. National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors, specified disclosure of the corporate governance practices must be included in its management information circular.

The Board of Directors has considered the guidelines set out in NP 58-201 and believes that its approach to corporate governance is appropriate and works effectively for the Company and its shareholders and is consistent with the overall business of the Company and its stage of development.

How Africa Energy Selects its Board Members

The Corporate Governance and Nominating Committee consists of the following three directors, all of whom are independent within the meaning of NP 58-201: Mr. John Bentley (Chair), Mr. Adam Lundin and Mr. Ian Gibbs. The Corporate Governance and Nominating Committee identifies individuals qualified to become new Board members and recommends to the Board the director nominees at each annual meeting of shareholders. In identifying possible nominees to the Board, the Corporate Governance and Nominating Committee considers the competencies and skills necessary for the Board as a whole, the skills of existing directors and the competencies and skills each new nominee will bring to the Board, as well as whether or not each nominee will devote sufficient time and resources to the Board. The Corporate Governance and Nominating Committee also annually reviews and makes recommendations to the Board with respect to: (i) the size and composition of the Board; (ii) the appropriateness of the committees of the Board; and (iii) the effectiveness and contribution of the Board, its committees and individual directors, having reference to their respective mandates, charters and position descriptions. The Corporate Governance and Nominating Committee meets at least once annually.

Directors' Orientation and Continuing Education

The Corporate Governance and Nominating Committee, with the assistance of the Board, where necessary, develops an orientation and education program for new recruits to the Board. The measures that the Board of Directors takes in connection with orienting new Board members regarding the role of the Board, its directors, the committees of the Board and the nature and operation of the Company's business include providing each new member with information concerning the role and responsibilities of a public company director and discussing with new members the Company's operations.

The Company encourages continued education for its directors. The Board ensures that all directors are kept apprised of changes in the Company's operations and business and changes in the regulatory environment affecting the Company's day to day business.

Board Assessments

The Board believes that, due to the size of the Company, it is not appropriate to have a formal assessment process for its committees and individual directors. The Board as a whole assesses the effectiveness and contribution of individual directors on an informal basis from time to time.

Directors Independence and Role of the Board

The Board of Directors is currently comprised of the following members:

1. Ashley Heppenstall
2. Garrett Soden
3. Keith C. Hill
4. Ian Gibbs
5. John Bentley
6. Adam Lundin

Mr. Ashley Heppenstall will be stepping down from the Board of Directors at the Meeting in order to conform with industry corporate governance recommendations regarding the maximum number of non-executive director appointments per individual. The majority of Africa Energy's current directors and its director nominees are independent for the purposes of Board membership and within the meaning of both NI 58-101 and NI 52-110. Mr. Garrett Soden is not considered independent as a result of his role as President and Chief Executive Officer of the Company.

See *"Business of the Annual General Meeting – Elect five (5) Directors"* for a biography of each of the Proposed Directors.

The Board has the responsibility to (i) supervise and evaluate management (ii) oversee the conduct of the Company's business; (iii) adopt, supervise and provide guidance to management on the Company's strategic planning process; (iv) identify the principal risks of the Company's business and ensure management's implementation and assessment of appropriate risk management systems; (v) ensure that the Company has highly qualified management and adequate and effective succession plans for senior management; (vi) oversee the Company's communications policy with its shareholders and with the public generally; (vii) place limits on managements authority; and (viii) assess directly and through its Audit Committee, the integrity of the Company's internal control and management information systems.

Interlocks

An "interlock" refers to two or more of the Company's directors who sit together on the board of directors of another reporting issuer. The Company's directors have the following interlocks:

- Mr. Gibbs and Mr. Hill are each directors of Africa Oil Corp.
- Mr. Heppenstall and Mr. Gibbs are each directors of Lundin Gold Inc.
- Mr. Heppenstall and Mr. Lundin are each directors of Filo Mining Corp.

The Company's directors will only have one interlock following the Meeting, as Mr. Heppenstall will be stepping down from the Board of Directors at the Meeting.

Standing Committees of the Board

Compensation Committee

The Compensation Committee consists of three directors, namely: Mr. Ashley Heppenstall (Chair), Mr. Ian Gibbs and Mr. Keith Hill, all of whom are independent. The Compensation Committee evaluates the CEO's performance and establishes executive and senior officer compensation, determines the general compensation structure, policies and programs of the Company, including the extent and level of participation in incentive programs in conjunction with the Board, and delivers an

annual statement on executive compensation. The Compensation Committee has also been mandated to review the adequacy and form of annual compensation for non-executive directors to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director. The Compensation Committee meets at least once annually. The Compensation Committee did not retain a compensation consultant or advisor at any time since the beginning of the Company's most recently completed financial year to assist in determining compensation for any of its directors and officers.

Reserves Committee

The Reserves Committee consists of three directors, namely: Mr. Keith C. Hill (Chair), Mr. Ashley Heppenstall and Mr. Adam Lundin, all of whom are independent. The Reserves Committee is generally responsible for developing the Company's approach to the reporting of oil and gas resources and/or reserves and the valuation of those resources/reserves.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee consists of three directors, namely: Mr. John Bentley (Chair), Mr. Adam Lundin and Mr. Ian Gibbs, all of whom are independent. The Corporate Governance and Nominating Committee is responsible for developing and monitoring the Company's approach to corporate governance issues, and overseeing the effective functioning of the Board, the relationship between the Board and management, and ensuring that the Board can function independently of management at such times as is desirable or necessary. See *'How Africa Energy Selects its Board Members'* for additional details on this committee.

Audit Committee

Composition of the Audit Committee

The Audit Committee consists of three directors, namely: Mr. Ian Gibbs (Chair), Mr. John Bentley and Mr. Ashley Heppenstall, all of whom are independent. STATEMENT OF EXECUTIVE COMPENSATION

Introduction

The following section details the Company's 2019 compensation philosophy and program objectives for the Company's named executive officers. During the financial year ended December 31, 2019, the Company had the following three Named Executive Officers ("NEOs"):

- 1) Mr. Garrett Soden, President and Chief Executive Officer;
- 2) Mr. Jeromie Kufflick, Chief Financial Officer; and
- 3) Mr. Jan Maier, Vice President Exploration.

Compensation Philosophy and Program Objectives

The Company's philosophy on executive compensation, applied to NEOs, is designed to:

- Attract and retain qualified and experienced executives who will contribute to the success of the Company;
- Ensure that the compensation of the NEOs provides a competitive base compensation package, with additional compensation to reward success and create a strong link between corporate performance and compensation; and
- Motivate NEOs to enhance long-term shareholder value to foster alignment with the interests of the shareholders.

The Company's executive compensation program contains the following three components:

<u>Base Salaries:</u>	Base salaries are used to provide executive officers with sufficient income that reflects their executive position and level of responsibility while also reflecting salary norms in the sector and the general marketplace. The Company views a competitive base salary as a necessary element for retaining qualified executive officers, as it creates a meaningful incentive for individuals to remain with the Company and not be unreasonably susceptible to recruiting efforts by the Company's competitors.
<u>Short-Term Incentives (Cash Bonuses):</u>	Cash bonuses are used to reward executive officers and other employees for meeting qualitative and quantitative goals, including developing long-term growth prospects, delivering near-term financial and operating results based on annual budgets approved by the Board, improving the efficiency and effectiveness of business operations, building a culture of teamwork focused on creating long-term shareholder value and managing risk capital in countries of increasing geo-political and economic risk. Cash bonuses are awarded on a discretionary basis following an evaluation of corporate performance factors and individual performance factors.
<u>Long-Term Incentives (Stock Options):</u>	Options are used to provide a pay-at-risk component to compensation and to reward long-term performance by allowing executive officers to participate in the market appreciation of the Common Shares over an extended period. Options are also required for the Company to be competitive from a total remuneration standpoint and to encourage executive retention through time-based vesting of awards.

Base Salaries

The base salary is intended to remunerate a NEO for discharging job responsibilities and reflects the executive's performance over time. Individual salary adjustments take into account performance contributions in connection with their specific duties. The base salary of each executive officer is reviewed by the Compensation Committee based on an assessment of the individual's sustained performance and consideration of competitive compensation levels for the markets in which the

Company operates. In making its recommendations to the Board, the Compensation Committee also considers the particular skills and experience of the individual. See *"Table of Compensation Excluding Securities"*.

Short-Term Incentive Compensation – Cash Bonuses

The Company may award annual discretionary cash bonuses to executive officers and employees of Company from time to time. The amount of the bonus that each individual may be eligible to receive is not set in relation to any formula or specific criteria but is the result of a subjective determination of the Company's performance and overall industry conditions, as well as the individual's performance and his or her contribution to overall corporate goals. The payment of bonuses is subject to the final approval of the Board, and the Board can amend or veto bonuses in its sole discretion. See *"Table of Compensation Excluding Securities"*.

Long-Term Incentive Compensation – Stock Options

The stock option component of a NEO's compensation, which includes a vesting element to ensure retention, serves to both motivate the executive toward increasing share value and to enable the executive to share in the future success of the Company. Individual stock options are granted by the Board on the recommendation of senior management in the case of employees, and by the Compensation Committee in the case of executive officers, including the CEO. Options are normally awarded by the Board upon the commencement of an individual's employment with the Company based on the level of responsibility within the Company. Additional option grants may be made periodically to ensure that the number of stock options granted to any individual is commensurate with the individual's level of ongoing responsibility within the Company. In considering additional grants, a number of factors are considered, including the role the individual plays in the Company, the number of stock options an individual has been granted, the exercise price and the value of the options and the term remaining on those options. See *"Equity Compensation Plan"*.

The Company does not believe that its compensation programs encourage excessive or inappropriate risk taking as: (i) the Company's employees receive both fixed and variable compensation, and the fixed (salary) portion provides a steady income regardless of common share value that allows employees to focus on the Company's business; and (ii) the Company's Stock Option Plan encourages a long-term perspective due to the vesting provisions of the Company's stock options.

Compensation Oversight, Governance and Risk Management

Compensation Committee

The Compensation Committee is comprised of three directors; namely, Mr. Ashley Heppenstall (Chair), Mr. Ian Gibbs and Mr. Keith Hill. All members of the Compensation Committee have direct experience that is relevant to their responsibilities as Compensation Committee members. All members are or have held senior executive or director roles within public companies and have a good financial understanding that allows them to assess the costs versus benefits of compensation plans. The members' combined experience in the resource sector provides them with the understanding of the Company's success factors and risks, which is very important when determining metrics for measuring success.

Determining Compensation

The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to compensation matters. The Compensation Committee's mandate includes reviewing and making recommendations to the Board of Directors in respect of compensation matters relating to the NEOs. In addition, the Compensation Committee determines the general compensation structure, policies and programs of the Company, including the extent and level of participation in incentive programs in conjunction with the Board. The Company's executive compensation program is administered by the Compensation Committee, and the Compensation Committee also reviews the adequacy and form of the compensation of directors to ensure that such compensation realistically reflects the responsibilities and risk involved in being an effective director. The Compensation Committee meets during the year as necessary, such as when a component of the Company's overall compensation package, including the Stock Option Plan or the annual bonus program, is being amended, reviewed, or approved.

The Company's directors and executive officers are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the director or officer.

The accountability for decisions on executive remuneration is clearly within the mandate of the Compensation Committee, but management has a key role in helping support the committee in fulfilling its obligations. Specifically, the CEO and other senior executives make recommendations to the Compensation Committee regarding executive officer base salary adjustments, stock option grants and bonus awards. The Compensation Committee reviews the basis for these recommendations and can exercise its discretion in modifying any of the recommendations prior to making its recommendations to the Board. The CEO does not make a recommendation to the Compensation Committee with respect to his own remuneration package.

The Compensation Committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-term interests of the Company and its shareholders, overall financial and operating performance of the Company, individual performance and contribution towards meeting corporate objectives, responsibilities, length of service and levels of compensation provided by industry competitors.

As the Company has not generated any revenue from operations during the recently-completed fiscal year, traditional corporate and NEO performance standards such as earnings per share are not considered relevant by the Compensation Committee in NEO performance evaluation. The Compensation Committee is satisfied that the Company's compensation structure appropriately considers the factors relevant to the industry, the Company's performance within that industry, and the individual contributions to the Company's performance made by its NEOs.

Vesting

Options granted pursuant to the Stock Option Plan will vest and become exercisable by an option holder at such time or times as may be determined by the Board at the date of the option grant and as indicated in the option grant and related option agreement. Subject to any vesting restrictions imposed by the TSX Venture Exchange, the Board may, in its sole discretion, determine the time during which options shall vest and the method of vesting, or that no vesting restrictions shall exist. Notwithstanding the foregoing, options granted to consultants providing investor relations services will vest in stages over a period of no less than 12 months with a maximum of one-quarter of such options vesting in any three-month period.

Exercise of Option

Vested options may be exercised, in whole or in part, by delivering to the administrator an exercise notice, the applicable option commitment and a certified cheque(s) or bank draft(s) payable to the Company in an amount equal to the exercise price of the shares to be purchased pursuant to the exercise of the option(s) and the applicable withholding taxes or other amounts required, by any laws or regulation of any government authority, to be deducted or withheld by the Company.

Transferability

Options may not be assigned or transferred other than by will or by the applicable laws of descent and, during the lifetime of the option holder, may only be exercised by the option holder.

Term

The term of any option granted is fixed by the Board and may not exceed five years from the date of grant.

Expiry of Option

In the event that an option holder should die while he or she is still a director or employee of the Company, the expiry date of the option is one year from the date of death of the option holder.

In the event that an option holder who has received stock options in his or her capacity as a director of the Company ceases to be a director of the Company other than by reason of death, the expiry date of the options will be the 30th day following the date the option holder ceases to be a director of the Company unless the option holder continues to be engaged by the Company as an employee, in which case the expiry date will remain unchanged, or where the option holder ceases to be a director of the Company as a result of ceasing to meet the qualifications under section 124 of the *Business Corporations Act* (British Columbia) (the “Act”), a special resolution being passed by the shareholders of the Company pursuant to subsection 128(3) of the Act, or by order of the British Columbia Securities Commission, the TSX Venture Exchange or any regulatory body having jurisdiction to do so, in which case the expiry date will be the date the option holder ceases to be a director of the Company.

In the event that an option holder who has received stock options in his or capacity as an employee of the Company ceases to be an employee of the Company other than by reason of death, or if the employee is a party providing investor relations services or management or consulting services to the Company and ceases to continue providing such services to the Company, the expiry date of the option will be the 30th day following the date the option holder ceases to be an employee of the Company or ceases to continue providing such investor relations, management and consulting services to the Company, subject to the terms and conditions of the Stock Option Plan.

Change of Control

In the event that a change of control, as defined in the Stock Option Plan, occurs, each option will immediately become fully vested and may be exercised by the option holder, and the exercisable option(s) may be exercised on or before the earlier of the expiry of the option and that date which is 60 days after the date of notice to the holder of such change of control event. After such date the provisions of the option shall reapply with respect to the balance of the optioned shares in respect of which the option has not been exercised, subject to the terms of the Stock Option Plan.

Amendments to the Stock Option Plan

Any proposed amendment which would reduce the exercise price, extend the term, or remove or exceed the insider participation limits, of an option held by an insider of the Company (as that term is defined by the policies of the TSX Venture Exchange and relevant securities laws) shall first require approval from the disinterested shareholders of the Company. All amendments are subject to the prior approval of the TSX Venture Exchange.

Termination

The Board may terminate the Stock Option Plan at any time provided that such termination will not alter the terms or conditions of any option or impair any right of any option holder pursuant to any option awarded prior to the date of such termination and notwithstanding such termination the Company, such options, option holders, directors and employees and shares shall continue to be governed by the provisions of the Stock Option Plan.

At the Meeting, shareholders will be asked to approve an ordinary resolution to approve the Stock Option Plan. See “*Business of the Annual General and Special Meeting*” for details and Appendix B for a copy of the full Stock Option Plan.

- (a) Options granted pursuant to the Plan shall vest and become exercisable by an Option Holder at such time or times as may be determined by the Board at the date of the Option grant and as indicated in the Option Grant and Option Commitment related thereto. Subject to any vesting restrictions imposed by the Exchange, the Board may, in its sole discretion, determine the time during which Options shall vest and the method of vesting, or that no vesting restriction shall exist. Notwithstanding the foregoing, Options granted to Consultants providing Investor Relations Services shall vest in stages over a period of no less than 12 months with a maximum of one-quarter of such Options vesting in any three month period.
- (b) Subject to the provisions of the Plan, an Option may be exercised from time to time by delivery to the Company of a written notice of exercise specifying the number of Shares with respect to which the Option is being exercised and accompanied by payment in full of the exercise price of the Shares to be purchased by cash, certified cheque, wire transfer or bank draft. Certificates for such Shares shall be issued and delivered to the Option Holder within a reasonable time following the receipt of such notice and payment.
- (c) Subject to any vesting restrictions imposed by the Board, Options may be exercised in whole or in part at any time and from time to time during the term of the Option. To the extent required by the Exchange, no Option may be exercised under this Plan until this Plan has been approved by a resolution duly passed by the shareholders of the Company.
- (d) Except as set forth in paragraph 3.4, no Option may be exercised unless the Participant is at the time of such exercise a Director, Officer, Consultant, or Employee of the Company or any of its Subsidiaries, or a Management Company Employee of the Company or any of its Subsidiaries.
- (e) No Participant or his/her legal representatives, legatees or distributees will be, or will be deemed to be, a holder of any Shares of the Company unless and until the certificates for Shares issuable pursuant to Options under the Plan are issued to him/her or them under the terms of the Plan.
- (f) The Option Commitment representing any such Option will disclose any vesting conditions.

3.10 HOLD PERIOD

In certain circumstances, an Option and any Shares issued under such Option, may be subject to a four-month hold period, from the time the Option was granted during which period they cannot be sold and, in accordance with the Exchange's policies, the certificates representing such Shares shall be legended accordingly. Shares issued on the exercise of an Option may be subject to such other hold periods as may be imposed by the Exchange or under the Securities Act.

3.11 EXTENSION OF EXPIRY TIME DURING BLACKOUT PERIODS

Notwithstanding the provisions contained herein for the expiry of Options, in the event that the expiry date of an Option falls during or within two (2) business days following the end of a blackout period of the Company pursuant to its policies (a "Blackout Period"), the expiry date of such Option shall be extended for a period of ten (10) business days following the end of the Blackout Period.

3.12 TRANSFERABILITY

All benefits, rights and Options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be assignable or transferable other than by will or by the applicable laws of descent. During the lifetime of an Option Holder, all Options may only be exercised by the Option Holder.

ARTICLE 4 CHANGE OF CONTROL

In the event that a Change of Control has occurred, each outstanding Option shall immediately become fully vested and may be exercised in whole or in part by the Option Holder. After such Change of Control the Option may be exercised, notwithstanding Article 3.8, as to all or any of the optioned Shares in respect of which the Option has not been exercised, on or before the earlier of the expiration of the term of the Option and 5:00 p.m. (Vancouver time) on that date which is 60 days after the date of notice to the Option Holder of such Change of Control event. After such date the provisions of the Option shall reapply with respect to the balance of the optioned Shares in respect of which the Option has not been exercised provided that, for the purposes of Article 6.2, any optioned Shares purchased pursuant to this subsection shall be deemed to have been the optioned Shares in respect of which the Option Holder could have exercised the Option earliest.

If approved by the Board, Options may provide that, whenever the Company's shareholders receive a Take-over Proposal, such Option may be exercised as to all or any of the Shares in respect of which such Option has not previously been exercised (including in respect of Shares not otherwise vested at such time) by the Participant (the "Take-over Acceleration Right"). The Take-over Acceleration Right shall commence at such time as is determined by the Board, provided that, if the Board approves the Take-over Acceleration Right but does not determine commencement and termination dates regarding same, the Take-over Acceleration Right shall commence on the date of the Take-over Proposal and end on the earlier of the expiry time of the Option and the tenth (10th) day following the expiry date of the Take-over Proposal. Notwithstanding the foregoing, the Take-over Acceleration Right may be extended for such longer period as the Board may resolve.

If the Participant elects to exercise its Option to purchase Shares following the merger or consolidation of the Company with any other corporation, whether by amalgamation, plan of arrangement or otherwise, the Option Holder shall be entitled to receive, and shall accept, in lieu of the number of Shares of the Company to which he was theretofore entitled upon such exercise, the kind and amount of shares and other securities, property or cash which such holder could have been entitled to receive as a result of such merger or consolidation if, on the effective date thereof, he/she had been the registered holder of the number of Shares of the Corporation to which he/she was theretofore entitled to purchase upon exercise of such Options.

ARTICLE 5 EXERCISE OF OPTION

5.1 EXERCISE OF OPTION

An Option may be exercised only by the Option Holder or the Personal Representative of any Option Holder. An Option Holder or the Personal Representative of any Option Holder may exercise an Option in whole or in part at any time or from time to time during the Exercise Period up to 5:00 p.m. local time in Vancouver, British Columbia on the Expiry Date by delivering to the Administrator an Exercise Notice, the applicable Option Commitment and a certified cheque(s) or bank draft(s) payable to the Company in an amount equal to the aggregate of the Exercise Price of the Shares to be purchased pursuant to the exercise of the Option and the amount of applicable statutory withholding taxes or other amounts which the Company or its Affiliate is required by any law or regulation of any governmental authority to deduct or withhold.

5.2 ISSUE OF SHARE CERTIFICATES

As soon as practicable following the receipt of the Exercise Notice, the Administrator shall cause to be delivered to the Option Holder a certificate for the Shares so purchased.

5.3 CONDITION OF ISSUE

The issue of Shares by the Company pursuant to the exercise of an Option is subject to this Plan and compliance with the laws, rules and regulations of all regulatory bodies applicable to the issuance and distribution of such Shares and to the listing requirements of any stock exchange or exchanges on which the Shares may be listed. The Option Holder agrees to comply with all such laws, rules and regulations and agrees to furnish to the Company any information, report and/or undertakings required to comply with and to fully cooperate with the Company in complying with such laws, rules and regulations.

ARTICLE 6 ADMINISTRATION

6.1 ADMINISTRATION

The Plan shall be administered by the Administrator on the instructions of the Board. The Board may make, amend and repeal at any time and from time to time such regulations not inconsistent with the Plan as it may deem necessary or advisable for the proper administration and operation of the Plan and such regulations shall form part of the Plan. The Board may delegate to the Administrator or any Director, officer or employee of the Company such administrative duties and powers as it may see fit.

6.2 INTERPRETATION

The interpretation by the Board of any of the provisions of the Plan and any determination by it pursuant thereto shall be final and conclusive and shall not be subject to any dispute by any Option Holder. No member of the Board or any person acting pursuant to authority delegated by it hereunder shall be liable for any action or determination in connection with the Plan made or taken in good faith and each member of the Board and each such person shall be entitled to indemnification with respect to any such action or determination in the manner provided for by the Company.

6.3 STATUTORY WITHHOLDINGS

As a condition of participation in the Plan, an Option Holder shall authorize the Company in written form to collect and withhold from the Option Holder or its agent, as the case may be, any amounts required by applicable legislation to be withheld for any taxes, or otherwise, as a consequence of such participation in the Plan.

ARTICLE 7 AMENDMENT AND TERMINATION

7.1 AMENDMENTS TO THE PLAN

The Board shall have the power to, without shareholder approval, at any time and from time to time, either prospectively or retrospectively amend, suspend, or terminate this Plan or any Option granted under this Plan:

- (a) for the purposes of making minor or technical modifications to any of the provisions of this Plan;
- (b) to correct any ambiguity, defective provisions, error or omission in the provisions of this Plan;
- (c) the Board shall obtain disinterested shareholder approval of the following:
 - i. any amendment that would reduce the exercise price of an outstanding Option granted to an insider (other than pursuant to Section 3.2);
 - ii. any amendment that would extend the term of any Option granted to an insider;

- iii. an amendment that would remove or exceed the insider participation limit set out in Section 3.6;
- iv. any amendments allowing for an Option to be transferable or assignable, other than for normal estate settlement purposes; and
- v. a change to this Section 7.1 of this Plan.

All amendments are subject to the prior approval of the Exchange.

7.2 TERMINATION

The Board may terminate the Plan at any time provided that such termination shall not alter the terms or conditions of any Option or impair any right of any Option Holder pursuant to any Option awarded prior to the date of such termination and notwithstanding such termination the Company, such Options, Option Holders, Directors and Employees and Shares shall continue to be governed by the provisions of the Plan.

7.3 AGREEMENT

The Company and every person to whom an Option is awarded hereunder shall be bound by and subject to the terms and conditions of the Plan.

7.4 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.
